

1 A rocket flies 1768 kilometres in 3 hrs 24 mins.

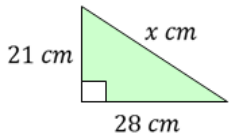

What is its average speed?

2 Neil is going on a 50 mile cycle at the weekend. He cycled 28.57 miles before he stopped for a short break. He then cycled a further 12.923 miles. How much further does he still have to cycle?

3 Calculate the length of the missing side...

4 Calculate 385×29

5 In a sample of sparkler boxes it was found that the minimum number of sparklers per box was 21 and the maximum was 25. Write this in tolerance form.

6 Mick changed £150 into euros, receiving €162 for his money. His friend David changed £90 spending money into euros at the same exchange rate. How many euros did David receive?

7 Kevin scored 19 out of 25 in his History test. Calculate his percentage.

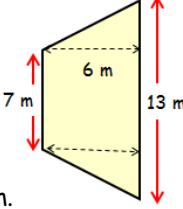

8 Factorise the following expression... $12x - 30$

9 Decrease 78 kilograms by 10%

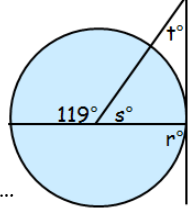

10 Calculate $10 - (2 + 1)^2$

11 Calculate the area of this trapezium.

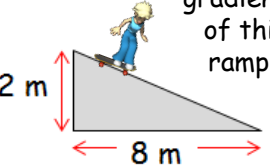

12 Calculate the size of angles r, s and t...

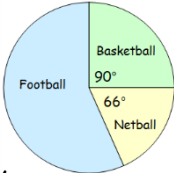

13 Calculate the median of the following data set... 4, -3, 5, -6, 1, -7

14 Calculate the gradient of this ramp...

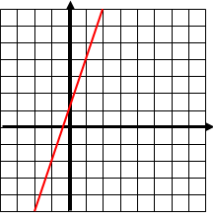

15 480 children asked. How many preferred football?

16 Write 0.004509 in scientific notation.

17 Solve the following equation... $7x - 12 = 3x - 4$

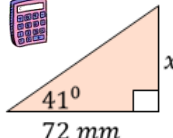

18 Write the equation of the straight line

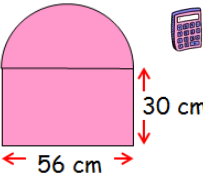

19 James bought 12 raffle tickets from a book with 150 tickets. Scott bought 30 raffle tickets from a book with 200 tickets. Who is more likely to win?

20 Calculate the length of the missing side...

21 Calculate the area of this trapezium...

22 Slush Pupies are poured from a 80 litre Slushie machine. Each Slushie contains 330 ml. How many Slushies can be made from a full Slushie machine?

23 Express $\frac{1}{15}$ as a decimal

24 Calculate $6\frac{2}{3} + 3\frac{1}{5}$

25 Multiply out the following bracket and simplify... $9 - 3(x - 5)$

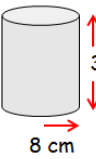

26 Calculate $782 \div 17$

27 Find the 'nth' term for the following sequence and hence find the 10th term; 2, 8, 14, ...

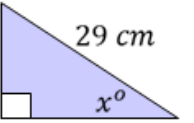

28 The mean cost of eight cars is £7200. Four of the cars cost £8000, two cars cost £5000 and one car costs £3000. What is the cost of the eighth car?

29 Calculate the surface area of this cylinder...

30 Calculate the size of the missing angle...
